UPPSALA 1973

## Contents of Volume 44

### NUMBERS 1-2, JULY 1973

JACQUES LIPETZ. Ultrastructural Comparison of Transformed Human Cells and Their Normal Counterparts at Various Passage Levels . . . . .	1
STEVEN D. DOUGLAS, GEORG COHNEN, and GÜNTER BRITTINGER. Ultrastructural Comparison between Phytomitogen Transformed Normal and Chronic Lymphocytic Leukemia Lymphocytes . . . . .	11
D. G. SCRABA, I. RASKA, E. KELLENBERGER, and H. MOOR. Electron Microscopy of Polyheads of Bacteriophage T4 Prepared by Freeze-Etching . . . . .	27
PETER A. NICKERSON. Induction of Intranuclear Inclusions by Estrogen in Mammothrophs of the Mongolian Gerbil . . . . .	41
I. BARTÓK, SZ. VIRÁGH, and J. MENYHÁRT. Prompt Divisions and Peculiar Transformation of Cristae in Liver Mitochondria of Rats Rehydrated after Prolonged Water Deprivation . . . . .	49
JAY D. DECKER. Fixation Effects on the Fine Structure of Enamel Crystal-Matrix Relationships . . . . .	58
ALEXANDER MCPHERSON, JR. and ALEXANDER RICH. Preliminary Study of <i>B. subtilis</i> Alpha-Amylase Crystals by Electron Microscopy and Optical Diffraction . . . . .	75
L. E. THORNELL. Evidence of an Imbalance in Synthesis and Degradation of Myofibrillar Proteins in Rabbit Purkinje Fibres. An Electron Microscopic Study . . . . .	85
K. E. RASMUSSEN. A Morphometric Study of the Müller Cells, Their Nuclei and Mitochondria, in the Rat Retina . . . . .	96
JÁNOS FRÜHLING, GEORGES SAND, WILLY PENASSE, FRANÇOISE PECHEUX, et ALBERT CLAUDE. Corrélation entre la morphologie et le contenu lipidique des corticosurrénales du cobaye, du rat et du bœuf . . . . .	113
N. E. FLOWER. The Storage and Structure of Proteins Used in the Production of Egg Capsules by the Mollusc <i>Cominella maculosa</i> . . . . .	134
FRANK KRETZER. Molecular Architecture of the Chloroplast Membranes of <i>Chlamydomonas reinhardtii</i> as Revealed by High Resolution Electron Microscopy . . . . .	146
ERRATUM . . . . .	179

### NUMBERS 3-4, AUGUST 1973

M. ELISA PEROTTI. The Mitochondrial Derivative of the Spermatozoon of <i>Drosophila</i> before and after Fertilization . . . . .	181
MARCELLE LEFORT-TRAN, GERMAINE COHEN-BAZIRE et MONIQUE POUPHILE. Les membranes photosynthétiques des algues à biliprotéines observées après cryodecapage . . . . .	199

B. W. NEILL and K. A. WRIGHT. Spermatogenesis in the Hologonic Testis of the Trichuroid Nematode, <i>Capillaria hepatica</i> (Bancroft, 1893) . . . . .	210
JAMES F. REGER and MARCELLE-ANNE FAIN-MAUREL. A Comparative Study on the Origin, Distribution, and Fine Structure of Extracellular Tubules in the Male Reproductive System of Species of Isopods, Amphipods, Schizopods, Copepods, and Cumacea . . . . .	235
MARINA SILVEIRA. Intraaxonemal Glycogen in "9 + 1" Flagella of Flatworms . . . . .	253
NADIR M. MARALDI, GRAZIELLA BIAGINI, PAOLO SIMONI, MARCELLO BARBIEREI, MARINA MARINI, and FERDINANDO BERSANI. Ultrastructural Investigation of the Effect of DNA, RNA, and Protein Synthesis Inhibitors on Ribosome Crystallization . . . . .	265
HISASHI SHINOZUKA, JOSEPH T. MARTIN, and JOHN L. FARBER. The Induction of Fibrillar Nucleoli in Rat Liver Cells by D-Galactosamine and their Subsequent Re-formation into Normal Nucleoli . . . . .	279
D. J. PIHLAJA and L. E. ROTH. Bovine Sperm Fractionation. II. Morphology and Chemical Analysis of Tail Segments . . . . .	293
KATHERINE ESAU and ROBERT H. GILL. Correlations in Differentiation of Protophloem Sieve Elements of <i>Allium cepa</i> Root . . . . .	310

#### NUMBERS 5-6, SEPTEMBER 1973

RANDI HOLME and NILS OLAV SOLUM. Electron Microscopy of the Gel Protein Formed by Clotting of <i>Limulus polyphemus</i> Hemocyte Extracts . . . . .	329
ROBERT LAIRD and ROBERT YATES. Ultrastructural Observations on the Aldosterone-stimulated Toad Urinary Bladder Epithelium—ATPase Activity . . . . .	339
L. RECHER, H. CHAN, and J. A. SYKES. Comparative Study of Microspherules and Acridine Orange Reaction Products . . . . .	347
JAMES K. KOEHLER. Studies on the Structure of the Postnuclear Sheath of Water Buffalo Spermatozoa . . . . .	355
C. D. OCKLEFORD and J. B. TUCKER. Growth, Breakdown, Repair, and Rapid Contraction of Microtubular Axopodia in the Heliozoan <i>Actinophrys sol</i> . . . . .	369
JAMISON GILDER and JAMES CRONSHAW. The Distribution of Adenosine Triphosphatase Activity in Differentiating and Mature Phloem Cells of <i>Nicotiana tabacum</i> and Its Relationship to Phloem Transport . . . . .	388
K. ZACHARIAH and R. H. ANDERSON. On the Distribution and Development of Lattice Bodies in Apothecial Cells of the Fungus <i>Ascobolus</i> . . . . .	405
ROLF ELOFSSON and ERIC HALLBERG. Correlation of Ultrastructure and Chemical Composition of Crustacean Chromatophore Pigment . . . . .	421
ABSTRACTS OF THE ANNUAL MEETING OF THE SCANDINAVIAN SOCIETY FOR ELECTRON MICROSCOPY . . . . .	430
AUTHOR INDEX . . . . .	451
SUBJECT INDEX for Volume 44 will appear in the December issue as part of a cumulative index for the year 1973.
